All Women Are Beautiful: A Guide To Perfect 10 Beauty (Attract Men)

Synopsis

All Women Are Beautiful is the most comprehensive book ever written on how to improve female attractiveness, with over 1,000 scientific studies referenced. No woman should ever feel inferior because of the way she looks; every single woman is beautiful. A plain woman is like a diamond in the rough that just needs polishing, and with cosmetic surgery, makeup, styling, and training, any woman can be a perfect 10. False statements: 1. You can't make a plain person attractive 2. You can't change bone structure 3. You can't take more than 10 years off a face "I broke all three rules and set a new world record." - Cindy Jackson

The book explains how every woman can improve her outer beauty and inner beauty. Although some individuals deem certain women to be unappealing and unapproachable, the book confirms that there are no ugly women; there are only women who do not know how to look pretty.

Customer Reviews

I love this book! Great tips on making your own natural perfume, and it has so much information in it for any girl who is wanting to improve her self image, appearance, health, etc..

I enjoyed the health sections, but overall I found this book to be quite sexist with an obvious Christian bias that the author (or her editors) had attempted to make less noticeable. I also disliked that the section concerning plastic surgery was so close to the beginning of the book. Our culture is already obsessed with plastic surgery as it is, and I found the focus on how to "fix" one's face by means of plastic surgery to be utterly appalling. Also, it read as if written by a high school student with "So-and-so said" always being the introduction to a quote. Many parts were quite redundant as well. In this book, I found practical information on nutrition, exercise and makeup that I could apply to my life, but much of the ideas presented are impractical for anyone on a budget. Overall, I disliked the book's theme and tone, but found a few sections to be helpful.

I am VERY happy with this book. Diana Polska (Author) is very motivating and inspiring and her book is filled with information that can help you increase your attractiveness. I am incorporating what I read into my life and it is really making a difference. This book is filled with inspiration and motivation for anyone wanting to transform not only their bodies but their life styles and her positivity and energy shines through.
