Oral And Maxillofacial Surgery Secrets, 2e

Synopsis

Written in the question-and-answer style of the successful The Secrets Series®®, the latest edition of Oral and Maxillofacial Surgery Secrets presents all of the most current clinical aspects of oral and maxillofacial surgery, including maxillofacial trauma, diagnosis of salivary gland disease, cysts and tumors, postoperative care, cleft lip and palate, oral and maxillofacial reconstruction, laser surgery, facial alloplastic implants, sleep apnea, and much, much more. The new edition has been completely updated by a diverse and distinguished group of contributors, and reflects recent advances in the field. Concise answers that include the author's pearls, tips, memory aids, and "secrets." Includes bulleted lists, algorithms, tables, and illustrations for quick review. 44 succinct chapters written by experts in oral and maxillofacial surgery. All of the most important "need-to-know" questions and answers in the proven format of the highly acclaimed Secrets Series®®. Mnemonics memory aids used throughout the text give readers an easy way to recall important symptoms or treatment regimens. Thorough, highly detailed Index provides quick access to specific facts. Appeals to both students and practicing professionals as a quick reference. Thorough and complete updating of all clinical information. New illustration package.

Customer Reviews

Book is very useful for any dental practitioner Has a good learning format, it is kind of like the dental decks, but for oral and maxillofacial surgery..and it also has an excellent index at the back of the

book. I would recommend this book!

I used this text to review OMFS prior to starting my residency and found it helpful to prepare for rounds. As I progressed in my training I found myself using this text less and less, its just not detailed enough compared to some of the multi-volume OMFS books. Overall, good for dental students prior to residency or early on for a quick overview but not detailed enough to be a go-to text or a board review text.

good info.

hopefully this saves me some licks! so far it has some good quick-hitting info.
