The Little Big Book For Grandmothers, Revised Edition

DOWNLOAD EBOOK
To celebrate more than 250,000 copies sold, The Little Big Book for Grandmothers is back in an updated edition with a revised foreword, new jacket design, new endpapers, and a new ISBN. This is a charming book filled with fairy tales, poetry, nursery rhymes, song, stories, words of wisdom, activities, and recipes that are sure to enchant and delight. The Little Big Book for Grandmothers is brimming with many of the classic and favorite things grandmothers grew up with, and illustrated with charming vintage art she is sure to adore from artists such as Jessie Wilcox Smith and Kate Greenaway. This packed anthology includes:-18 fairy tales such as The Little Mermaid, Thumbkin, Snow White and Rose Red, The Fisherman and His Wife, and Rapunzel-19 poems by e.e. cummings, Robert Frost, Ogden Nash, Shel Silverstein, and others-13 nursery rhymes including Goosey, Goosey, Gander, and Old Mother Hubbard-15 songs from "Polly Wolly Doodle" and "Billy Boy" to "Little Red Caboose" and "Baby Beluga"-26 finger games and old-fashioned games such as Grandma’s glasses and Tiddlywinks-More than 30 activities from embroidery and making a family quilt, to Little Red Riding Hood Puppet Show and holiday activities-More than 30 recipes to indulge and nourish from Ice Cream Sundaes and Strawberry Shortcake to Chicken Pot Pie and Momma BreadIncludes 100 full-color illustrations and 150 line illustrations

I got this book for a new grandmother and she **loved** it. It was the hit of the party. It's full of
wonderful illustrations, stories, poems, recipes, and songs. This is one of those books that is a classic great gift. This book is just crammed with great stuff, and would take weeks for a grandma to go through and pick out her favorites. I can't believe the amount of care and love that they editors put in gathering the contents and putting them together. I wish they would put out a "Little Big Book for Young Women Finding Their Way" so I could have one, too! I've given "The Little Big Book" as gifts before, and everyone raves about them. If you are looking for a really special gift, or want to treat yourself to something that you will pass on to your children, this little book is the way to go.

This is a great book - for grandparents it is somewhat nostalgic. The artwork is great and it is helpful if you want to remember those old songs you used to sing to your kids. It even has recipes for the little ones. I'm sold on it.

I received this book as a gift and love it. There are activities for babies, nursery rhymes, short stories, songs, recipes, poetry and wonderful art work. Not only do I use it with my grandsons but I visit a woman with special needs every week and we sing songs, read stories and poetry from the book and we love to look at the pictures. There is a lot of love in this book and am now giving it to other grandmothers so they can share it with their new ones. It is delightful!

I gave this book to a friend who is a first time grandmother. It is a unique and different gift that she and her grandson will enjoy for years to come. She was excited about the songs and stories included in the book that she remembered as a child and can now share with her new family member.

I gave 2 books as gifts, one to a first-time grandma and the other to a grandma many times over. Both were in awe of the beautiful stories and gorgeous illustrations. (I'm now ordering one for myself!) I also ordered The Little Big Book of Christmas. It is another gem!

I really wish there were some children of color in the book. It's a wonderful book, but when our children don't see anyone who looks like them it creates confusion and an inferiority complex. I will still use the book because there are no alternatives.

This is a book I will take with me whenever I visit our grandson. It has everything! I can read to him, do activities with him, cook with him, and as a result of this book, I'm sure he will look forward to our
visits. Thanks you, Lena Tabori and Alice Wong, for putting this book together.

After buying the Little Big Book for Moms for my daughter in law, I discovered the Grandmothers version. I treated myself and I just love it. I've tried several of the recipes- home made bread and honey glazed chicken wings to name two. They were delicious! There are also bunches of crafts, nursery stories, some with Grandmother theme, songs and games. I have a seven month old as well as 18 year old granddaughters. There are good things to share with both.
