Scotch-Irish Migration To South Carolina, 1772

Synopsis

In 1772, Ireland was still under the feudal system, where wealthy barons owned all the land and tenant farmers had to pay them rent. The Reverend William Martin spoke about this. Members of his church had been reduced to poverty because of the need to pay these excessive rents. He therefore proposed that they pool their resources, charter ships and sail to South Carolina where free land was available. Originally, just a few planned to go. But, as word spread, huge numbers joined the group. It eventually came to 467 families, or five boatloads. This book provides the history of these voyages, the names of the passengers, and documents the land they received and the places where they ultimately settled in South Carolina. The ancestors of the author were among the more than one thousand passengers who arrived on these five ships. Many of them joined the American Revolution and fought against the British when the Revolutionary War broke out three years later. --This text refers to an alternate Paperback edition.

Book Information

Paperback: 144 pages

Publisher: Clearfield (2001)

Language: English

ISBN-10: 0806348321

ISBN-13: 978-0806348322

Product Dimensions: 5.5 x 0.3 x 8.5 inches

Customer Reviews

Not much help for those researching their history unless you already know the names in the book and only want proof of migration. I suggest borrowing the book.

I love to "dig" into the past on Ancestry.com. Like to have publications that are a big help with filling in the blanks or answering questions. This has book helped with that.

Good to know information about the people who might be my ancestors. They lived in SC , rumored

to be Irish. I will keep digging into their history.
