TEAS Crash Course Book + Online (Nursing Test Prep)

Synopsis

REA's TEAS Crash Course Book + Online Practice Test Fully Revised Second Edition Everything you need for the exam - in a fast review format! REA's TEAS (Test of Essential Academic Skills) Crash Course is the first book of its kind for the last-minute studier or anyone who wants to get a high score on this nursing school entry exam. Targeted, Focused Review - Study Only What You Need to Know Based on the Test of Essential Academic Skills exam and actual TEAS questions, the Crash Course covers only the information tested on the exam, so you can make the most of your study time. Targeted, easy-to-read review chapters in outline format cover reading comprehension, English language and usage, math, biology, chemistry, physics, and more. Expert Test-taking Strategies Our author explains the structure of the TEAS, so you know what to expect on test day. He also shares detailed question-level strategies and shows you the best way to answer questions. By following our expert tips and advice, you can score higher on every section of the exam. Take REA's Online Practice Exam After studying the material in the TEAS Crash Course, go online and test what you've learned. Our practice exam features timed testing, diagnostic feedback, detailed explanations of answers, and automatic scoring analysis. The exam is balanced to include every topic and type of question found on the TEAS exam, so you know you're studying the smart way. No matter how or when you prepare for the TEAS exam, REA's TEAS Crash Course will show you how to study efficiently and strategically, so you can get a higher score in less time!

Customer Reviews

Not sure why the other reviews were pretty useless...at least explain why you hate it. My only problem was that the practice problems were stupidly simple compared to the test. That's why you should get the practice tests in another book or for free online. Anyway, I actually bought the book and I feel like this plus the McGraw-Hill practice test is the reason why I scored highly (92.7% composite score). There are some concepts I haven't seen since high school-6 years ago, and this book does a solid job of covering them. Granted, it's going to feel like common sense reading it and like it's not going to help you. But after taking the practice test in my other study guide it helped a lot to have the basics covered and explained clearly. If you're going to get one book on just how to answer the questions instead of the questions themselves-get this book.

Not the best TEAS prep, but it's a great value for the price. The official ATI guide is best, but more expensive and not available on Kindle. This crash course book also includes an online exam that is reasonably similar to the real one. Whatever you choose, supplement with TEAS YouTube playlists.

I really like the step by step ways to be careful with your time while taking the test. Also, explaining the the background of nursing careers was helpful.

Great book. Much easier to understand than other TEAS books even the book by actual company who make the test in my opinion

Without it, I had not a chance. With it, I sailed through the test with only skim-style studying.

Only got a 57 on the TEAS. Not worth the money

I was able to download the book on my tablet. It is an easy read.
