The Muslim Brotherhood In The Obama Administration

Synopsis

When U.S. Representatives Michele Bachmann, Trent Franks, Louie Gohmert, Tom Rooney and Lynn Westmoreland asked federal inspectors general if the fact that Huma Abedin, Hillary Clintonâ™s deputy chief of staff, has three close family members who were intimately connected to the Muslim Brotherhood might be affecting U.S. foreign policy, they were called âœMcCarthyitesâ • and âœislamophobes.â • But as Frank Gaffney shows in this shocking pamphlet, it is actually worse than these members of Congress imagined. Abedin was herself deeply involved in Brotherhood organizations in the U.S. and she is, moreover, only one of many individuals with Islamist ties now working in sensitive government roles. Gaffney tells who they are, how they are making U.S. social and political institutions friendlier to Islamism, and how they may have tilted U.S. foreign policy in the Brotherhoodâ™s direction.

This book provides some information about the links between Islam and the Obama administration, but Frank Gaffney really doesn't have a clue about what Islam is. He thinks (and implies in this

book) that "moderate" Muslims don't believe in Sharia, don't hate America, always support equal rights for women, and don't support jihad-martyrdom by way of suicide bombings. Moderate muslims do believe in sharia, do seek the complete transformation of America into an Islamic State, do support jihad (or "struggle in the cause of Allah", in every form), and do not support equal rights for women. Every "good Muslim" believes those things because that is what is taught in the Koran, the Sira and the Hadith. To not believe those things is to not be a Muslim. Frank needs to read some of Dr. Bill Warner's books. Maybe then he will get a clearer picture of Islam really is.

I found this an eye opening book. When I was reading it I could not believe what was going on in this country and was appalled that they can have full access to the White House and the Pentagon. SHOCKING!

Frank Gaffney did a wonderful job in representing what is taking place right here in The USA. I give it an excellent reading due to its content. The Muslim Brotherhood, and the Radical Islamist no doubt are here and have been part of The White House, and are recognized by President Barack Obama as a solution in bringing Sharia here if the people's of the USA will participate in their lifestyle as a whole. I do not agree with Hilary Clinton, nor how President Barack Obama has accepted and brought deception into the USA. I pray for our country and The President, as well as our leaders that God will open the eyes of the American people. I know that God is in control, and President Obama is right where he is supposed to be. Nothing happens by chance. We the people of the United States of America must continually pray for our nation and our leaders.

This is what the liberals in the media, academia and government who hate America should be reading. Even if they did they'd deny it anyway. The amount of infiltration by Islamists in our institutions is alarming. Unfortunately, the Trojan horse for the Republican Party, Grover Norquist, wasn't given a mention. We'd better wake up or we'll be overrun like the EU.....which, by the way, is self-induced cultural suicide thanks to the 1973 "Euro Arab Dialogue".

Wow is all I can say. This book is more than eye opening it is terrifying to think that not only does our current president endorse the participation of the Muslim Brotherhood in our government but so does the woman who was Secretary of State and now is being considered as the 2016 presidential nominee for the democratic party. Anyone thinking about voting for Clinton should read this book.

This book exposes the intentional placement of members of the Muslim Brotherhood into the Obama administration. We have had our eyes closed until this book was published. Warning! Be ready to be shocked by the extent of anti-American members of the Obama administration and their actions, which are not beneficial to our Republic. As we lose our liberties we begin to realize the intentions of these people: to silence freedom loving Americans and to intimidate critics of this evolving situation.

There is a war on Christians in America and Jesus is a four letter word for The Muslim Brotherhood. This is what Barack Obama is all about. This is a must read.

A Must Read for anyone who believes in the American way of life and the need to save the Republic from the coming war with the Muslim Jihad being directed from our very own Whitehouse
