Jenseits Von Gut Und Böse/Beyond Good And Evil (German/English Bilingual Text) (German Edition)

Synopsis

Jenseits von Gut und Böse was written by Friedrich Nietzsche and first published in 1886. It draws on and expands the ideas of his previous work, Thus Spoke Zarathustra, but with a more critical and polemical approach. In Beyond Good and Evil, Nietzsche accuses past philosophers of lacking critical sense and blindly accepting dogmatic premises in their consideration of morality. Specifically, he accuses them of founding grand metaphysical systems upon the faith that the good man is the opposite of the evil man, rather than just a different expression of the same basic impulses that find more direct expression in the evil man. This volume combines Nietzsche's original prose and Helen Zimmern's classic translation.

The English translation has emphasis on specific words using capital letters - an interesting interpretation!

Excellent for studying Nietzsche in the original.
