Hamlet (The RSC Shakespeare)
**Synopsis**

From the Royal Shakespeare Company - a fresh new edition of Shakespeare's most celebrated play. This book includes: * An introduction to Hamlet by award-winning scholar Jonathan Bate * The play - with clear explanatory notes on each page * A scene-by-scene analysis * An introduction to Shakespeare's career and the Elizabethan theatre * A rich exploration of approaches to staging Hamlet

The most enjoyable way to understand a Shakespeare play is to see it or participate in it. This book presents a historical overview of Hamlet in performance, recommends film versions, takes a detailed look at specific productions and includes interviews with three leading Directors - Michael Boyd, Ron Daniels and John Caird - so that we may get a sense of the extraordinary variety of interpretations that are possible - a variety that gives Shakespeare his unique capacity to be reinvented and made ‘our contemporary’ four centuries after his death.

**Customer Reviews**

I cannot more highly recommend this particular book, No Fear Shakespeare's Hamlet. I am approaching 50 years old and my only real experience trying to read Shakespeare was in high school where we were assigned roles in class and made to read, without comprehension, Romeo and Juliet and Julius Cesar. In the interim, I tried watching a few plays and dragged my kids to see the play Taming of the Shrew, which they hated because they couldn't understand the language nor the plot. Rather than becoming a Shakespeare hater, I've always felt inadequate and dumb for this
huge hole in my education. My current inspiration to try Shakespeare again was my desire to try and help my high school aged son become more educated and cultured than I have been. I tried first with the Folger annotated editions of Shakespeare. They look excellent and define the unfamiliar words, but I still could not make sense of a substantial portion of the dialogue. I guess maybe I’m just dumb, I don’t know. Anyway, I saw good reviews about this No Fear series, and I ordered several. So far I have read the modern English translations of Hamlet, Macbeth, Othello, King Lear, and The Tempest. While I feel a bit like I’m ‘cheating’, I actually have really enjoyed all the plays and at least now I know the plots and the characters and even some of the more subtle themes. I can’t answer the complaints that the translations don’t adequately translate Shakespeare’s meanings. There are a few side notes that point out double meanings and things like that, though there are not extensive footnotes or sidenotes.

I find this very interesting, at least one of the reviewers who gave such a low review not only reviewed this book, but every other book in this Ignatius Critical Series edit by Joseph Peace. In each one, he gives only one star, basially saying the book is a waste of time and money. Something is rotten in the state of Denmark! Why would someone, keep on reading all the books in this series, and then say that reading them is a waste of time? It just does not make sense! Not only that, but the majority of the book is giving nothing but the text of Hamlet. How can any true fan of Shakespeare give that one star. Just the text of Hamlet alone would make it at least 2 stars. So it seems to me that there are some here who have a hidden agenda of not wanting me to read this book - not because of its allegedly poor literary value. So the more they protested, the more I was intrigued. So I got the book, and I am so glad I did! For the first time, Hamlet came alive to me. The footnotes were enough to hep be understand the arachaic phrases, but I was not overwhelmed with them. The editor wanted Shakespear to speak for himself. None of the footnotes tried to persuade you to their interpretations. That was left to the commentaries after you read the Hamlet story. The commentaries were extremely insightful, looking at Hamlet from a Catholic perspective. And why not? Other commentaries look at Hamlet from a modernist or a feminist perspective. Why not from a Catholic perspective? Again, I do not understand these one-star critics. If they were really fans of Shakespeare, they would be happy to see a book like this that would broaden Shakespeare’s audience.
