The Daily Halacha: A Compendium Of Practical Halachot And Illuminating Insights From The Weekly Parasha

Synopsis

The Daily Halacha is a thoroughly original and thought-provoking new book by one of the Syrian community's most dynamic and inspiring young leaders, Rabbi Eli J. Mansour. Written in the style of the renowned Ben Ish Hai, the book features a brief, yet powerful, discourse on each week's parasha. Taken individually or as a whole, the essays deliver a timely and compelling message regarding the Torah Jew's role in the modern world. Interwoven between each parasha are halachot -- over 300, in total -- that are applicable to every person's daily life. Presented mainly in question-and-answer format, the halachot cover such topics as avelut, berachot, berit mila, kashrut, tefila and more. The book also includes extensive responses on Shabbat as well as on general topics like avoiding anger, use of nicknames, business ethics. Many of the halachos discussed present the accepted Ashkenazi practice in addition to the Sefaradi tradition, and each response is replete with the sources for the Halachic rulings. Comprehensive bibliographical and biographical appendices are provided at the end of the book. Sefaradi and Ashkenazi readers alike are sure to appreciate the beautifully-written and illuminating essays in The Daily Halacha and will undoubtedly come away with broader knowledge and a deeper understanding of halacha.

Book Information

Hardcover: 411 pages

Publisher: Mesorah Pubns Ltd (August 31, 2009)

Customer Reviews

This is a beautifully published compilation of halacha (Jewish law) covering a variety of practical issues, organized by the weekly Torah portion. Rabbi Mansour draws on the traditions from his teachers and hachamim (sages) for examples that provide answers in a clear and concise manner to the reader. The Hebrew terms and works he draws on are defined in well-written glossaries

included in the work.

Excellent compilation of different laws broken down to weekly Torah readings

Great insights
